New climate action rate

Which option should we choose? (select one option)

Option 1: Introduce a new targeted climate action rate based on a property's capital value rather than the current land-value based general rate

Is there anything else you'd like to tell us about this LTP?

I would like the Council to fund Te Ara Korowai because they provide invaluable community services for people struggling with mental health issues. I have been a member for the past 5 years, initially going 3 days a week. As my health has improved, I now only go one day a week. It is a safe, supportive and welcoming community organisation and it would be such a loss if they had to close due to lack of funding.
