Which option should we choose? (select one option)

Option 1: Transfer our older persons' housing assets to a new Community Housing Provider

## **New climate action rate**

### **Which option should we choose? (select one option)**

Option 1: Introduce a new targeted climate action rate based on a property's capital value rather than the current land-value based general rate

### **If you have any views on these other items, please comment here:**

Proposed alcohol licensing fees bylaw - we understand the need for a pricing review as this has not been done for a long time. However, we urge some caution with large increases for major events that operate annually and with income streams limited to that one event. The criteria needs to be less rigid than for a permanent on-licence establishment and current low cost for a special licence for an off-licence needs to be maintained at a low level to encourage providers to attend annual events and food shows for example.

### **Is there anything else you'd like to tell us about this LTP?**

I 100% support the Kāpiti Coast Chamber of Commerce Long-term Plan submission (dated 24 April 2024).
