Submission

If you have any views on these policies, please comment here:

Development Contributions policy: Sophia Space Trust, 123 Greenhill Road is within the proposed Waikanae Service Area. The submitter believes this part of Waikanae is an ideal location for such infrastructure servicing so as to allow for much needed urban development and housing in the District in appropriate locations with appropriate design. The expansion of the Funding Service Areas provides Council with certainty in their forward-planning. Council can be assured that the landowner has the willingness to develop the land and therefore provide the funding that will ultimately assist in the infrastructure being provided and maintained.

Submitter seeks amendment proposed in clause 24 (below) which includes their land within the proposed service area:

That the proposed Funding Service Areas mapped in the draft DC Policy for water treatment (map w3), water reticulation (map w4), wastewater treatment (map ww2), and wastewater reticulation (map ww3) be retained insofar as they relate to the submitter landholding. See full submission for details.
