Request for Information under the Local Government Official Information and Meetings Act 1987 (the Act) (the LGOIMA)

Thank you for your email of **30 January 2025** requesting the following information:

- 1. Can I please ask about the Potholes that have been fixed on Park Avenue 5 times before the final proper fix that cleared up all the broken roading and surrounding area with hot mix. - This is [REDACTED] on the street side.**

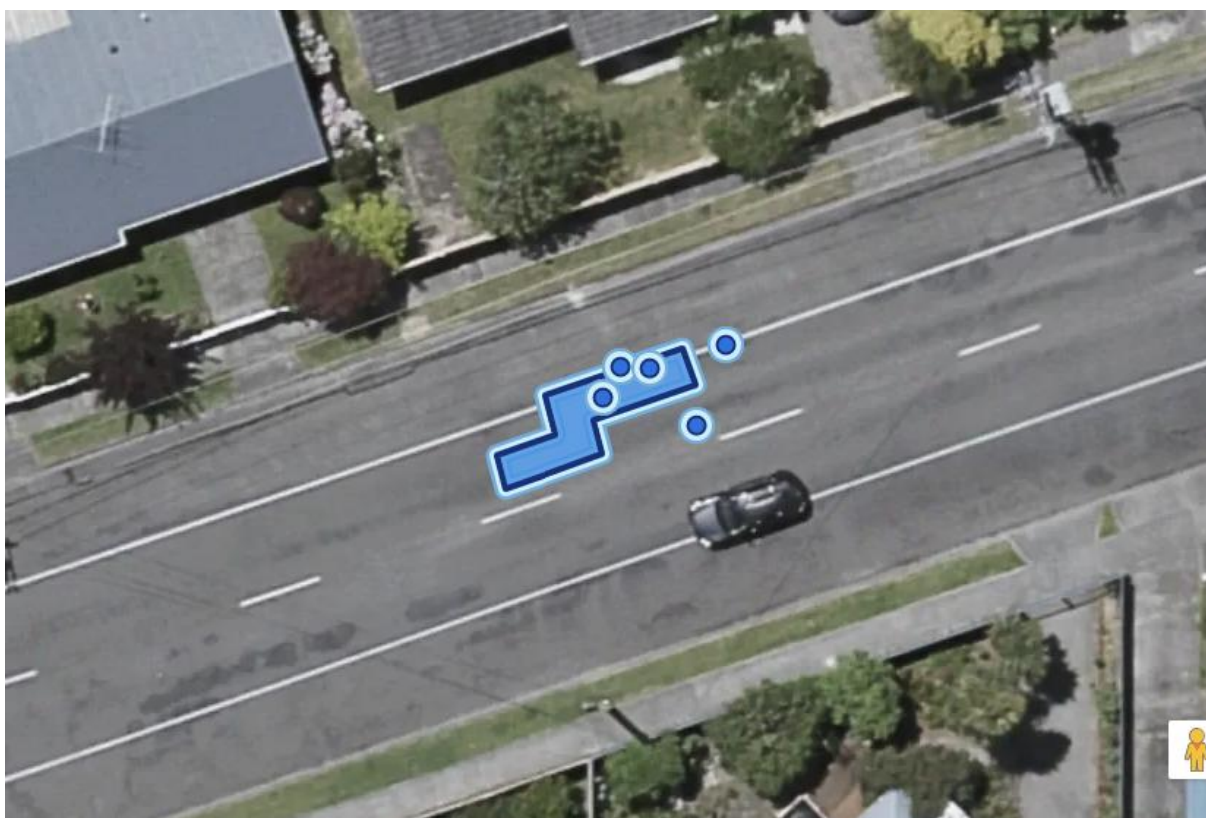

The Pavement has been failing in this spot. Potholing was completed each time the road opened until we completed the larger repair. We had to eliminate if it was a Water/sewer/stormwater/utility failure first.

I note for the last year or more there has been white markings around the pothole to indicate work is to come and fix a slightly larger area than just the impacted pothole. This makes sense when looking at it.

- 2. I note it was spot repaired 5 times (after wet weather in each instance) prior to the final fix and my question is, can you outline the cost of the 5 spot fixes and then the cost of the final fix please? This is throughout the calendar year for 2024.**
