Guidance for Completing On-Licence Application Form

Background	
<p>The object of the Sale and Supply of Alcohol Act 2012 is that the sale, supply, and consumption of alcohol should be undertaken safely and responsibly; and the harm caused by the excessive or inappropriate consumption of alcohol should be minimised.</p> <p>It is a legal requirement of the Sale and Supply of Alcohol Act 2012 that you must have a licence before you can sell or supply alcohol.</p>	
Before lodging application	
<p>Once this application is complete then you must ring and make an appointment for a pre-lodgement meeting with the Licensing Inspector. Please Telephone (04) 296 4700 or Toll Free: 0800 486 486. The application form cannot be accepted by the DLC over the counter until it has been signed off as complete by the Inspector and a fee category has been calculated.</p> <p>If your application is regarding a 'premise - not a conveyance', you should also apply for certificate of compliance with the Resource Management Act and the Building Act from the Kapiti Coast District Council. A 'conveyance' means an aircraft, coach, ferry, hovercraft, ship, train, or other vehicle, used to transport people.</p>

2. Fire evacuation scheme

Most commonly a building requires an evacuation scheme because it is used for the following purposes:

- The gathering together, for **any purpose of 100 or more persons:**
- Providing **employment facilities for 10 or more persons:**
- Providing **accommodation for more than 5 persons** (other than in 3 or fewer household units):
- **Storing or processing hazardous substances in quantities exceeding the minimum**

amounts prescribed in Schedule 3 of the Fire and Emergency New Zealand (Fire Safety, Evacuation Procedures, and Evacuation Schemes) Regulations 2018.

See Fire and Emergency New Zealand Act 2017 section 75 and 76 for further information.

If you are unsure that the building has or requires an approved evacuation scheme, check with the **building owner**. For the requirements of an evacuation scheme or to apply for an evacuation scheme, refer to Fire and Emergency New Zealand web site. www.fireandemergency.nz or Contact Fire and Emergency New Zealand, wellingtondistrict-rteams@fireandemergency.nz.

Statement

I hereby state that (tick one):

the **owner** of the building in which the premises are situated provides and maintains an order evacuation scheme as required by section 76 of the Fire and Emergency New Zealand Act 2017; **OR**

because of the building's current use, its owner is not required to provide and maintain such a scheme; **OR**

because of the nature of the building, its owner is exempt from the requirement to provide and maintain such a scheme.

NOTE:

If an approved evacuation scheme is not required, the building must have evacuation procedures that meet Part 1 of the Fire and Emergency New Zealand (Fire Safety, Evacuation Procedures, and Evacuation Schemes) Regulations 2018 – this does not require approval by Fire and Emergency New Zealand.

Assemble well clear of any exit doors and entrances from the streets to allow the Fire Service unobstructed access.

All occupants must regard the continuous sounding of the fire alarms as a genuine emergency and evacuate promptly. Occupants must also evacuate if verbally advised by Wardens.

Never assume that the fire alarm is sounding because of a trial evacuation or a false alarm

Quick reference –

- Assist all occupants in your area to leave the building via the nearest safe exit.
- Check toilets and other enclosed areas, including the basement cellar.
- Ensure critical appliances and systems are turned off if it is safe to do so.
- Watch for people with disabilities that may require assistance. Or appoint a responsible person to assist as necessary.
- Close all doors as you leave. Leave lights on.

Means of escape to be monitored:

Regular checks of your means of escape are required. Please ensure that:

- Entrances, exits and passageways on the floor designated as a means of escape from fire, are not blocked or barred as to prevent occupants from evacuating.
- Stairwells and passageways which are designed specifically for the means of escape from fire are not used as places of storage or places where refuse as allowed to accumulate.
- First aid, Fire Fighting equipment and Fire Alarm call points are unobstructed at all times.
- Smoke control doors are not held open by other methods other than hold open devices that comply with the building code.
- Flammable cleaning liquid or material or any other like flammable material or liquid is not stored near or within any part of the bar used as a means of escape from fire. All such materials must be stored in non-combustible containers with close fitted lids.

Safety procedures for persons with disabilities:

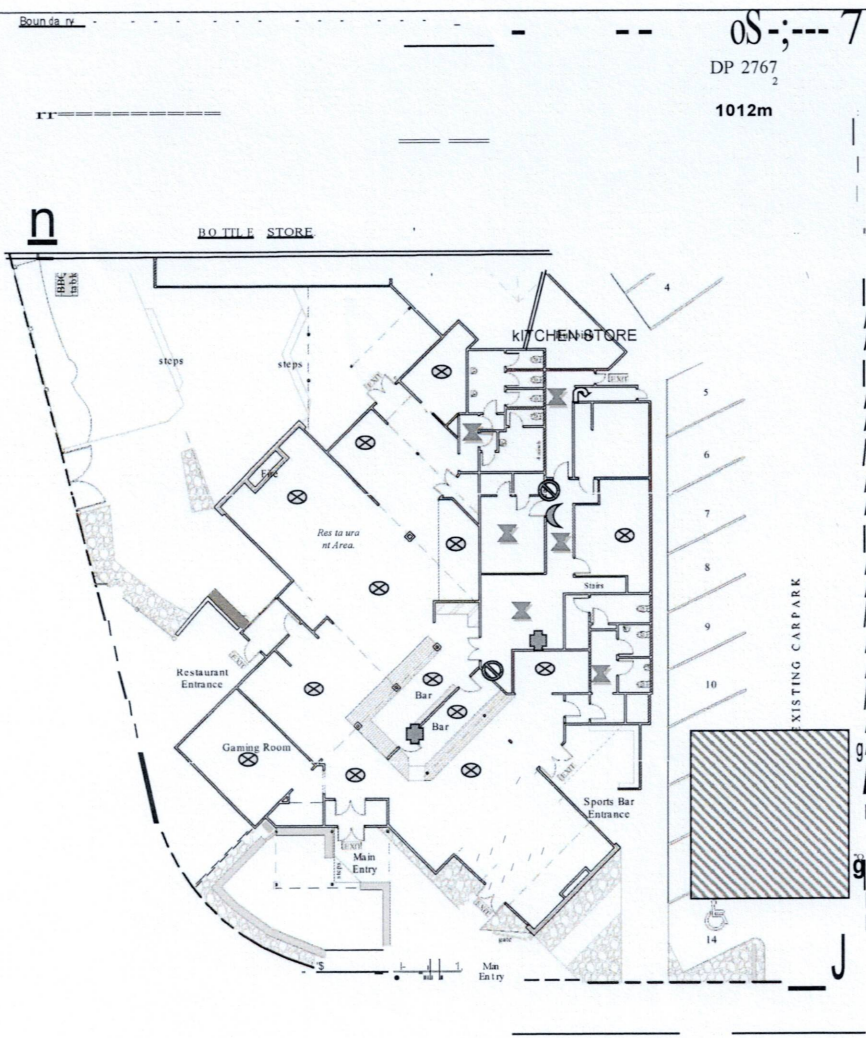

Responsible assistants must be appointed to help staff, customers or visitors with physical or medical conditions to evacuate.

Staff Training

Boundary Tap & Kitchen have more than 9 staff (FOH and Kitchen) 6 staff hold GM certificates and other staff hold the LCQ or training in process. Any new staff will be hired which will go for LCQ, serve wise & HANZ and on-the-job training. Any further staff employed by Kapiti Coast Hospitality Limited will be encouraged to obtain LCQ qualification, GM certificate serve-wise training and HANZ online training.

The current training regime is in place for all current and future staff. Kapiti Coast Hospitality Limited each person will participate in an induction program when he/she commences employment. This will inform the staff of the importance of refusing the service of alcohol to any intoxicated person, who is or appears to be minor or intoxicated, as well as educating them about the sale and supply of alcohol act 2012 and conditions of the license.

We hold a meeting every quarter which the current staff of Kapiti Coast Hospitality Limited, with the agenda of ensuring we are the responsible host.

Should any future changes in the law arise that may or will affect our business, management will undertake further training of the staff who are involved in serving alcohol to patrons, to ensure that everyone understands what they are required to do by law.

NOISE

MANAGEMENT PLAN

Introduction

As professional hospitality operators, we acknowledge that we have a responsibility to ensure that our premises do not generate excessive noise disturbance. The purpose of this Noise Management Plan (“the Plan”) is to detail the procedures we aim to adopt to ensure, as far as possible, disturbance to residents by activities in and around our premises for which we have control is avoided or minimised. We aim to adopt the best practicable options available to meet this objective while conducting our permitted business and social activities.

Key Elements of the Plan are:

- Avoid or minimise the impact of noise from our premises on neighbours, residents and businesses.
- To meet the requirements of our liquor licence and the provisions of the Sale and Supply of Alcohol Act,
- The identification of noise sources relating to the premises and acceptable levels of noise arising from such sources,
- Detailed steps to manage, as far as is reasonably possible, noise from and around our premises for which we have control over,
- Noise measurement to check compliance with the Plan through monitoring and adjustments to the Plan as necessary.

Sources of noise include:

- Amplified music (recorded or live) including through television, speakers and other output devices,
- Externally mounted support plant and equipment including refrigeration units, air conditioning units and extract ventilation,
- Persons on premises including external licensed areas, car parks, persons in the immediate proximity of the premises and persons entering and leaving the premises.

**Steps taken
noise emissions**

to manage

Generally, the overriding requirement for control of noise is “at source” about noise on-premises:

Actions for the control of noise from the premises that we will adopt include:

- The location, orientation and design of noise emitting events on the premises with an emphasis on reducing or minimising noise emissions,
- The use of sound monitoring equipment for measurement of noise throughout the premises with particular emphasis on areas closest to neighbouring premises,
- The specification, selection, and operation of noise-emitting equipment with an emphasis on selecting low noise-emitting equipment wherever possible,
- Training (including retraining as necessary) all managers and staff in the use of noise monitoring and this Plan,
- A detailed complaints resolution policy as part of this Plan.

The licensing manager on duty will be responsible for all licensing activity on the premises assisted by staff where appropriate.

Amplified music activities will be wound down professionally. Any open windows and doors will be closed by licensed hours with regular checks.

All live bands will be issued with a contract stating, an agreed upon decibel level with penalties for infringement of decibel level being exceeded.

No external music events will take place between the hours of 11:00 pm to 08:00 am Monday to Thursday and Friday to Sunday 12:00 AM to 08:00 AM Where external music events are involved monitoring equipment will be used and acoustic levels periodically checked. Speaker systems and any staging will be positioned to face away from noise-sensitive areas.

Hand-held monitoring equipment will be used to periodically monitor sound levels on the premises. Sound levels will be taken at set times throughout any live events both internally and externally at noise-sensitive boundaries and other predetermined places. All readings will be documented and used to provide detailed information on noise levels both in the building and around the premises.

Customers will be made aware of the consequences of late-night noise and encouraged to be proactive regarding noise avoidance or minimisation with an emphasis on reducing noise emissions. Notices will be displayed around the premises and on external doors asking customers to leave the premises in a quiet and orderly fashion and to respect neighbours. Staff will assist with this as appropriate.

Complaints about noise

We will take any noise issues raised with us seriously and will commit to resolving any issues as quickly and effectively as possible.

In the first instance issues or complaints about noise from our premises should be addressed to the manager on site. This can be done in person, by telephone, email or letter. Contact details will help us report back on issues raised.

On receipt the manager will investigate, take any appropriate action to resolve the issue and respond to the complainant as soon as practicable on any actions taken.

We will also keep a copy of all issues raised and actions taken in response for our records.
