

To Kāpiti Coast District Council

Further Submission of (or Opposition to) Submissions on Proposed Plan Change to the Operative Kāpiti Coast District Plan 2021.

Plan Change Number: Proposed Plan Change 2

Plan Change Name: Intensification to the Operative Kāpiti Coast District Plan 2021

## Further Submitter Details

Full name of person making further submission: Naomi Solomon

Organisation Name: Te Rūnanga o Toa Rangatira on behalf of Ngāti Toa Rangatira

Contact Person: Onur Oktem Lewis

Postal address: Level 2, 1 Cobham Court, Porirua

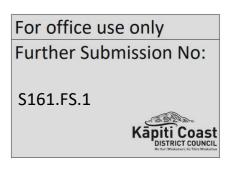

Telephone: 027 772 5182

## Electronic address for service of person making further submission: <u>Onur.Oktem@ngatitoa.iwi.nz</u>

We would like our address for service to be our email.

We are submitting as persons who have interest in the	proposal that is greater than the interest the general public has.
We are submitting as persons who have interest in the	proposal that is greater than the interest the general public has.

hat this part of the submission seeking stormwater management in the district wed.

			considering the effects of development, requiring water sensitive urban design, managing land use, requiring financial contributions, sustainable stormwater design, and managing the effects of subdivision on cultural values.	effects of development on multiple different aspects of Taiao, will be significant for achieving sustainable management of our water resources. It is also important that these provisions are consistent with Te Mana o te Wai and recognise rangatiratanga.		
Greater Wellington Regional Council S097.05	Mika.Zollner@gw .govt.nz	Support	The submitter requests that the effects of climate change on water availability are assessed. The submitter seeks water use efficiency to be included in the plan.	We support this submission because adaptation to climate change and sustainable practices are essential for upholding Te Mana o Te Wai.	Allow	We seek that requesting fo in the plan is
Greater Wellington Regional Council S097.06	Mika.Zollner@gw .govt.nz	Support	The submitter requests direction on reducing greenhouse gas emissions to be included in the plan.	We support this submission because including this direction in the plan will better enable adaptation to and mitigation of climate change.	Allow	We seek that requesting fo gas emission allowed.
Greater Wellington Regional Council S097.12	Mika.Zollner@gw .govt.nz	Support	The submitter requests for mana whenua values associated with indigenous biodiversity to be recognised in the plan and for policies to be implemented that incorporate mātauranga and tangata whenua in biodiversity monitoring.	We support suggested provisions to be incorporated into the plan because they will better enable mana whenua to be more involved in the process of biodiversity monitoring, which will result in clarifying our role. This will also support mana whenua in sustaining mātauranga and monitoring skills which aligns with our tikanga.	Allow	We seek that requesting m indigenous b incorporate r biodiversity i
Greater Wellington Regional Council S097.13	Mika.Zollner@gw .govt.nz	Support	The submitter requests inserting direction requiring resource management decisions to be made using an integrated holisitic approach guided by Te Ao Māori into the plan.	We support this submission because it supports the integration of Te Ao Māori into resource management decision making processes which will better align with our values and tino rangatiratanga.	Allow	We seek that requesting th management approach gui allowed.
Greater Wellington Regional Council S097.18	Mika.Zollner@gw .govt.nz	Support	The submitter requests modifying intensification levels through setbacks and reduced building heights for areas adjacent to wāhi tapu and sites and areas of significance to Māori to the extent necessary following site specific analysis.	<ul> <li>We support this submission point because this will ensure that our sites and their values are preserved in the face of intensification.</li> <li>As wāhi tapu are qualifying matters under section 6 of the RMA and the IPI states that accomodating for qualifying matters may include reduced building heights and lower density it would be appropriate to reduce intensification levels around them.</li> </ul>	Allow	We seek that requesting in through setb adjacent to w significance t
Waikanae Land Company S104.01, S104.02	Morgan.slyfield@ stoutstreet.co.nz	Oppose	The submitter requests for the proposed amendments to Schedule 9 and the District Plan maps to be deleted in relation to Kārewarewa urupā. Alternatively they request that the provisions are implemented in the District Plan enabling residential development on the land.	We oppose this submission it is inappropriate for development to occur on this land as it is a wāhi tapu and will need to be recognised in the Plan in Schedule 9 and the District Plan maps. These changes in the District Plan are a work in progress and the site will be included in the Schedule for Sites and Areas of Significance to Māori which will make the site a qualifying matter under the IPI legislation, this means that it is inappropriate such amendment to be considered.	Disallow	We seek that S104.02 seek deleted from and the Distr

Kāinga Ora S122.105	developmentplan ning@kaingaora.g ovt.nz	Oppose	The submitter request that the rule framework for papakāinga development be amended so that land held under Te Ture Whenua Māori Act 1993 and land held in general title have the same protections as provided by the Act as a permitted activity.	We oppose this submission because the rule framework has been developed to ensure that papakāinga are developed by those who have whakapapa or ancestral connections to the specified land.	Disallow	We seek that requesting th development Te Ture When to have the sa activities is di
Mandy Hager S132.01	Mandy.hager72@ gmail.com	Oppose	The submitter supports the papakāinga chapter in part and seeks provisions for papakāinga to be extended to all property owners including non-Māori landowners.	We oppose this submission because papakāinga are unique to tangata whenua and these provisions have been developed for the specific needs of tangata whenua. Although the submission makes valid points about addressing the housing crisis and developing resilience for the community, this is not the appropriate platform and /or appropriate District Plan Chapter to address these issues.	Disallow	We seek that for papakāing owners includ disallowed.
Andy Oakley S147.01, 147.02	ajoago@gmail.co m	Oppose	The submitter opposes papakāinga provisions because they are exclusive to tangata whenua and asks for papakāinga to be amended to community housing developments.	As mentioned in the earlier parts of our submission, papakāinga are unique to tangata whenua. This chapter has been developed to help tangata whenua navigate the specific issues that they face when it comes to developing on their ancestral whenua.	Disallow	We seek that papakāinga d people of Kāp
				We oppose submitter's request of "removing the words tangata whenua and replace them with the people of Kāpiti".		
Ngāti Haumia ki Paekākāriki S180.01, S180.02, S180.03, S180.04	farrellwhanau@h otmail.co.nz	Support	The submitter requests that potential for developing papakāinga in the Open Space Zone is explored. The submitter states that intensification will not necessarily encourage tangata whenua back to their whenua, and that housing should be provided in the right places for the right people. The submitter suggests that the effects of	We support these submission points as the current proposed papakāinga chapter allows for papakāinga in several other zones. However, allowing for papakāinga in other zones should be explored to ensure that tangata whenua have opportunities to develop papakāinga and support their aspirations in as many zones as possible. We would like ancestral land currently zoned as Open Space in Paekākāriki and / or Kāpiti to be enabled for tangata whenua to implement	Allow	We seek that for papakāing Open Space Z into account and papakāin
			intensification on marae and papakāinga should be taken into account.	their full Tino Rangatiratanga so that they can		

at this part of the submission that the rule framework for papakāinga nt to be amended for land held under nenua Māori Act 1993 and general title same protections as permitted disallowed.
at the part of the submission requesting nga to be extended to all property luding non-Māori landowners is
at this submission requesting developments to be extended to all the āpiti is disallowed.
at the part of the submission requesting nga development to be explored in the e Zone and the part requesting taking at the effects of intensification on marae singa are allowed.

				reconnect with their whenua and District Plan zoning should not be a barrier for them to do this.		
				The submission also brings up important points regarding considering the impacts of intensification on tangata whenua and matters of significance such as our sites, values and aspirations. We alongside intensification it is important to consider and avoid impacts on matters of significance to Māori they would effect cultural wellbeing.		
Ngā Hapū o Ōtaki S203.04	Kirsten.hapeta@t wor-otaki.ac.nz	Support	The submitter requests the papakāinga provisions to be amended to provide for	We support this submission because provisions for papakāinga in these zones increases the opportunities	Allow	We seek that requesting pa

	Naāti Toa Further Submission on KCDC Proposed Plan Change.docx
Importance:	High

Kia ora Jason,

Please find our further submission attached. This is with Naomi getting a sign off at the moment.

But I thought we get it through before Monday. Ka pai.

Any pātai, happy to answer.

Ngā mihi nui,

Onur
